June 2023

Dear parents/students,

I hope that you all enjoy your summer break after such a crazy school year. Just so that we don't let the "summer slide" get to us I do have some math and reading work that they can do over the break. For math, the students will be utilizing Freckle which is an adaptive math website for students. The students earn piggy points from all the lessons that they complete. With these points, they can customize their avatar with different clothing and accessories.

New Students:

To access Freckle you will first need to please email me at vcajigas@stmstc.org so that I can create the student(s) account on Freckle. After that, you will follow the instructions listed below.

Current Students:

Freckle can be accessed from any electronic device. Please follow these steps to log in:

- ❖ Search for the *Freckle Login* page: <https://student.freckle.com/#/login>
- ❖ Enter the class code **CAJIGD**, then type in your first and last name
- ❖ Once that is completed you can start setting up your avatar
- ❖ Finally, there will be a placement test that you will need to take

Once all of these steps are completed the student(s) can then explore Freckle. I have already assigned some lessons for them to work on.

For reading the students are to choose a chapter book(s) of their choice to read over the summer. When they finish they can write up a quick summary of the book telling me what it was about. They can also tell me what they liked about the story and what parts they didn't like. They can read as many books as they would like. It doesn't necessarily have to be a chapter book.
