June 2023

Dear Parent or Guardian,

This summer students will be utilizing technology to keep their minds sharp and active while they are out of school, while making it easy on parents to manage and teachers to monitor. We will be using the website www.ixl.com to personalize learning for all students. Current students can use the Username and Password attached to this letter.

IXL creates personalized learning with a comprehensive Math and Language Arts curriculum. It provides individualized guidance and real-time analytics. IXL can meet the unique needs of each learner. During the summer, students will complete diagnostic and review activities tailored to their grade level. All students should review the math and ELA skills for the grade level they completed in June.

New Students who are coming to STMSTC for the first time:

Please email Mrs. Latkowsky at platkowsky@stmstc.org and she will set up an account for your child and email you their username and password. Once you have that, follow these instructions to get your child started on IXL.

Current Students:

Log on to IXL using your username and password that are attached to this letter.

To get your child started at home, please follow these easy steps:

- ★ Go to <https://www.ixl.com>
- ★ Enter your child's username and password and click "Sign in."
- ★ Click on any "Learning" to see skills, lessons, and games in Math and Language Arts.

IXL is designed to help your child learn at their own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor their progress anytime by clicking on Analytics. For on-the-go practice, you can download IXL's free mobile apps for Apple, Android, or Kindle and sign in with your child's username and password.
