June 2023

Dear Parent or Guardian of an incoming sixth grade student,

This summer students will be utilizing technology to keep their minds sharp and active while they are out of school, while making it easy on parents to manage and teachers to monitor. We will be using the website www.ixl.com to personalize learning for all students. Your child's username and password is attached and instructions are below.

IXL creates personalized learning with a comprehensive Math and Language Arts curriculum. It provides individualized guidance and real-time analytics. IXL can meet the unique needs of each learner.

During the summer, students will complete diagnostic and review activities tailored to their grade level. Math students should review the skills for the grade level they completed in June. Any questions, please email Mrs. Latkowsky at platkowsky@stmstc.org.

New Students who are coming to STMSTC for the first time:

Please email Mrs. Latkowsky at platkowsky@stmstc.org and she will set up an account for your child and email you their username and password. Once you have that, follow these instructions to get your child started on IXL.
