Dry Erase Markers	1 pack	

June 2022

Dear Parent or guardian,

This summer students will be utilizing technology to keep their minds sharp and active while they are out of school, while making it easy on parents to manage and teachers to monitor. We will be using the website www.ixl.com to personalize learning for all students. Current students have been using this website throughout this school year, both at home and in the classroom.

IXL creates personalized learning with a comprehensive Math and Language Arts curriculum. It provides individualized guidance and real-time analytics. IXL can meet the unique needs of each learner.

During the summer, students will complete diagnostic and review activities tailored to their grade level.

Math students should review the skills for the grade level they completed in June. Any questions, please email Mrs. Latkowsky, middle school math teacher, at platkowsky@stmstc.org

New Students who are coming to STMSTC for the first time:

Please email Mrs. Latkowsky at platkowsky@stmstc.org and she will set up an account for your child and email you their username and password. Once you have that, follow these instructions to get your child started on IXL.

Current Students:

- ★ Go to <https://www.ixl.com>
- ★ Enter your child's username and password (see attached) and click "Sign in."
- ★ Click on any "Suggested Skills" to see skills your teacher has recommended and start learning!
- ★ Strive for at least 80% on each skill.
- ★ Thirty minutes per week for math and thirty minutes for ELA is the recommended time for summer work.

IXL is designed to help your child learn at their own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor their progress anytime by clicking on Analytics. For on-the-go practice, you can download IXL's free mobile apps for Apple, Android, or Kindle and sign in with your child's username and password.

(Turn page for reading instructions)

Welcome to 8th Grade at STM-STC!

Your summer reading assignment is listed below. Since you do not have a Google account set-up yet, the reading assignment is listed below. If you have any questions about it, please contact me at sritmiller@stmstc.org.

Thank you,

Mrs. Ritmiller

In addition to IXL this summer, you will be reading the novel, *Chasing Lincoln's Killer*, by James L. Swanson. It is not necessary to purchase a copy of the book, Baltimore County owns several copies of it, so you may borrow it from the library.

After you finish reading the novel, complete one of the projects that is attached to this page.

This assignment is due on September 7, 2022.

Have a great summer and happy reading!!

Mrs. Ritmiller

Chasing Lincoln's Killer Project

Choose one.

Reading

At almost every stage in the timeline of events, a person could have made a choice that would've changed the events of history (including avoiding Lincoln's assassination). As you read make a list of these people and their decisions.

Writing

James Swanson has an amazing ability to present nonfiction historical material like a fiction storyteller. Using your favorite chapter as a mentor text, write your own retelling of a historical event.

History

Create a graphic organizer which details the following information: conspirators and accomplices, their part in the plot, whether they were successful, their escape plan, and what happened to them in the end.

Art

Inspired by the artistic depictions in the newspapers of the time period create an accurate drawing or collage based on one scene in the story.

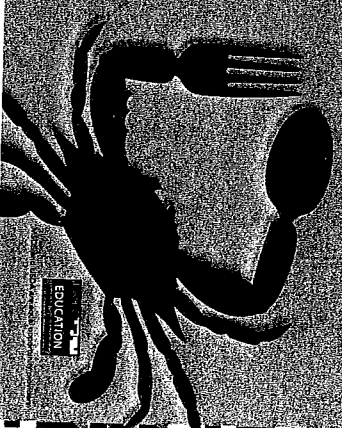

FREE SUMMER MEALS

For youth 18 and under

Summer Reading Skills PROGRAMS

Temple University
University College

**Phonics
Fluency
Comprehension
Love of Reading
Vocabulary
Textbook Skills
Writing Skills
Reading Speed**

Program for 4-Year-Olds and Entering Kindergartners

In this fun summer program, your child will learn to read. Children learn letter recognition, beginning phonics, and easy sight words. Your child will learn to read simple words and short sentences and will get excited about books and reading.

Program for Entering 1st Graders

In this fun summer program, your child will learn to read independently. Children learn phonics and sight words and build comprehension skills. Your child will develop a love of books and reading and get off to a great start in first grade.

Program for Entering 2nd Graders

In this fun summer program, your child will become a confident fluent reader. Children build solid phonics and word-attack skills and develop reading fluency and strong comprehension. Your child will develop a love of books and reading and get off to a great start in second grade.

Program for Entering 3rd Graders

In this fun summer program, your child will become a strong, enthusiastic reader. Children improve reading fluency and develop excellent comprehension. They build long-word decoding skills and expand their vocabulary. Your child will gain confidence, develop a lifelong love of books and reading, and get off to a great start in third grade.

Programs for Entering 4th and 5th Graders

In these fun and effective programs, your child will become a skilled, enthusiastic reader and a better writer. Students develop strong comprehension skills in fiction, nonfiction, and textbooks. They expand their vocabulary and learn to read more fluently and rapidly.

Students learn effective techniques that improve writing skills and build confidence. Your child will complete homework and writing assignments more quickly and easily, get better grades, and enjoy reading more.

Programs for Entering 6th, 7th, 8th, 9th, 10th, and 11th Graders

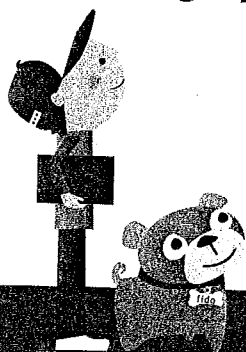

In these effective and enjoyable programs, your son or daughter will make substantial gains in comprehension in fiction and nonfiction, learn to read twice as fast, and become a better writer. Students expand their vocabulary and learn the best way to take notes and study for tests.

Students learn effective techniques that improve writing skills and build confidence. Your child will complete homework and writing assignments more quickly and easily, get better grades, and enjoy reading more.

Mon.-Fri. 8am-9pm, Sat. 8am-7pm and Sun. 10am-6pm

The great books, inspiring teachers, and effective live online instruction your child needs to become a strong reader!

These programs are offered by Temple University, University College, a non-profit organization. Programs are taught by instructors from the Institute of Reading Development. Tuition varies by program level. Please ask about our family discount.

"My daughter is sounding out words on her own, and she is so excited about reading to us! She loved this program, and I was very impressed with the books and materials."

– Parent of kindergartner

"Thanks to this program, my son is now reading independently and his confidence is through the roof. I cannot express enough how grateful I am for this program."

– Parent of 1st grader

"Online teaching is a special set of skills, and your teachers are spot on!"

– Parent of 2nd grader

"Allison loved doing the long-word decoding lessons. Her reading skills have improved tremendously, and she is reading more challenging chapter books."

– Parent of 3rd grader

"The teacher was phenomenal! She kept students engaged and participating, and my child was more excited about reading as the weeks went on!"

– Parent of 4th grader

"Patrick's comprehension has really improved, and he loved the books. I've recommended this to other parents."

– Parent of 5th grader

"The lessons were fun and easy to follow. It is much easier for me to study and take notes now. I don't put off studying until the last day because I know I can get through it fast."

– 7th-grade student

"I liked tracking my reading speed and seeing it go up from week to week. I used to not like to read because it was too time-consuming, but now it's easier to finish."

– 9th-grade student
