Pocket Folders	2	Without Prongs (Any color)
Computer Headphones with Microphone or Earbuds with Microphone	1	Headphones or Earbuds should fit a Standard USB Port

June 2025

Dear Parent or Guardian,

This summer students will be utilizing technology to keep their minds sharp and active while they are out of school, while making it easy on parents to manage and teachers to monitor. We will be using the website www.ixl.com to personalize learning for all students. Your child's username and password is attached and instructions are below.

IXL creates personalized learning with a comprehensive Math and Language Arts curriculum. It provides individualized guidance and real-time analytics. IXL can meet the unique needs of each learner.

During the summer, students will complete diagnostic and review activities tailored to their grade level.

Math students should review the skills for the grade level they completed in June. Any questions, please email Mrs. Latkowsky, math teacher, at platkowsky@stmstc.org or Mrs. Godlewski, ELA teacher at cgodlewski@stmstc.org

To get your child started on your home computer, please follow these easy steps:

- ★ Go to <https://www.ixl.com>
- ★ Enter your child's username and password (see attached) and click "Sign in."
- ★ Click on the grade your child has just completed and practice skills in math and ELA. Math skills should include all four operations with whole numbers, place value, fractions, and decimals. ELA skills should focus on grammar as well as reading comprehension.
- ★ Students should strive for a score of at least 80% for each skill they complete.

IXL is designed to help your child learn at their own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor their progress anytime by clicking on Analytics. For on-the-go practice, you can download IXL's free mobile apps for Apple, Android, or Kindle and sign in with your child's username and password.

In addition to practicing skills on ixl.com, all fifth grade students are required to read one book of their choice. The novel may be of any genre/type, but it must be age and grade appropriate. You do not have to do any work with the book over the summer except read it. Please have it read by the time school starts in September.

Thank you and have a great summer!
